ALL-IN-ONE PAYMENT INTERFACE

With PrestaShop Checkout 2.0, you can **easily configure and manage all types of payment, securely from a single interface**. This optimized new version, compatible with the latest PrestaShop versions and other payment modules, allows you to offer a **personalized payment experience** to your customers and maximize your conversion rate, both locally and internationally.

INCREASE YOUR CONVERSION RATE

PrestaShop Checkout 2.0 allows you to **manage all payment methods** within your online store without redirecting customers. By **reducing the number of clicks**, the buying experience is much smoother. Don't lose potential customers at the payment stage!

YOUR ALLY FOR GROWTH

Backed by PayPal's robustness, PrestaShop Checkout 2.0 supports **all types of e-commerce players** in their ambitions and objectives, by supporting **large transaction volumes**.

Over **1 million transactions** have already been managed in **142 countries** since PrestaShop Checkout's launch one year ago.

Simplified onboarding and configuration.

Compatible with all PrestaShop versions from 1.6.1 to 1.7.7.

We are proud to continue innovating with PrestaShop in order to support retailers throughout their development up to international level.

By focusing on security and the customer experience, PrestaShop Checkout now allows them to easily manage all types of payment in a single interface.
