The **PrestaShop Paylater with PayPlug and Oney** lets you offer guaranteed split payments in three or four instalments on your shop.

1 - PRESTASHOP ACCOUNT AUTHENTICATION

2 - PAYPLUG AUTHENTICATION

3 - THE 3x 4x ONEY

4 - LIST OF TRANSACTIONS

5 - MAKING A REFUND

6 - RATES

1- PRESTASHOP ACCOUNT AUTHENTICATION

After installing the PrestaShop Paylater with PayPlug & Oney module, the first step before using your module is to connect to your PrestaShop Account using your PrestaShop Account login. This action will link your shop to your PrestaShop Account. It is mandatory before using the Essentials modules.

If you are already using PrestaShop Essentials modules, your shop is already associated with PrestaShop Account. In this case, you will be automatically authenticated and can proceed directly to the second step.

2- PAYPLUG AUTHENTICATION

The second step is to connect to your PayPlug account using the e-mail address and password of your PayPlug account.

If you do not have a PayPlug account yet, you can create one by simply clicking on the "PayPlug registration" button. You will then be redirected to the PayPlug portal. Once you have completed the different registration steps, you will be able to return to the back office of your PrestaShop Paylater module and log in using the e-mail address and the password of the PayPlug account you just created.

3 - THE 3x 4x ONEY

Your PrestaShop Paylater with PayPlug & Oney module lets you offer guaranteed split payments to your customers.

When you activate the 3x 4x Oney feature, you allow your customers to pay for their orders in three or four instalments, depending on their chosen method at the payment stage.

You will receive the total amount of the order in one go, just like a standard cash payment.

4 - LIST OF TRANSACTIONS

All orders paid via the PrestaShop Paylater with PayPlug & Oney module will be identifiable in your usual order interface, on the PrestaShop back office. For example, the indicated payment method will be "Oney 3x" or "Oney 4x".

5 - MAKING A REFUND

Orders paid via the PrestaShop Paylater with PayPlug & Oney module will be refunded within 48 hours of placing the order.

Refunds are possible:

- from the order interface of your PrestaShop back office;
- from the PayPlug portal.

6 - RATES

The PrestaShop Paylater with PayPlug & Oney module is free.

When you register, you will be able to see the applicable rates.
